

## Leave the Vicious Cycle of Reincarnation

Below is Xian Sheng conversation with a BAITIANGONG brother taken on 30/4/2000: -

Bro Raymond Wong asked, “I have a few questions. We pray to the CREATOR because we want to save the human’s soul. If our purpose is to keep saving souls while the CREATOR keeps creating new souls, how long do we have to keep saving souls? The CREATOR keeps creating new souls and we have to keep saving souls.”

Xian Sheng replied, “Actually, the CREATOR does not need to create new souls. Let me explain why. There are still so many souls in the past that have yet to be reincarnated.”

Bro Raymond Wong, “I heard from someone once that the CREATOR does create new souls.”

Xian Sheng replied, “Yes. That is correct. There are indeed

new souls but very few of them because the souls that are supposed to be reincarnated have yet to be saved. That is why when we pray to the CREATOR, firstly, we should think about not letting the souls that are currently suffering to be reincarnated. That is why I request the following for our ancestors; GOD, if our ancestors have committed any sin in life, please forgive them of their sins and if deserving please give them a place in heaven.”

Xian Sheng continued, “I do not request for them to be reincarnated. We request for them to have a place in heaven, with the hope that their souls do not need to go through the cycle of reincarnation.”

However, Xian Sheng stated very frankly that our ancestors, after suffering in hell, will still continue on with the cycle of reincarnation. In order for us to save our ancestors, we will need to request the CREATOR to forgive them for a very long period of time.

We will need our future generations that is our children, our grand-children and even our great grand-children to continue to pray for them. If they continuously request for forgiveness of their ancestors; and one fine day when you pass away and find

yourself in hell for committing sins, their prayers would include you as well. Teach them this method of praying to the CREATOR so that their ancestors will not have to undergo reincarnation anymore.

With reference to new souls - if everyone on earth truly prays to the CREATOR and practice think good, see good, hear good, speak good and do good; the new souls will follow suit to think good, see good, hear good, speak good and do good. They will not be liars and deceitful people. In this way, the souls who come to this world to be reincarnated as a human to undergo examination in life would go straight to heaven upon death. It would be best if they are not required to reincarnate as a human.

Heaven is infinite without a top nor a bottom level. Hell is also infinite without a bottom or a top level. Give a thought, if we are to look up at the sky, we would see there is no end to the universe. We will never be able to see everything. A spacecraft boarded by Xian Sheng and aliens long ago had tried to go to the ends of the universe, but could not go very far. There is no end to the universe as this universe is infinite. Therefore, we could be reincarnated anywhere within this universe.
