

Pray to the CREATOR for five hundred years

Xian Sheng shared a story

A person asked GOD to grant him a life on an island away from other human disturbances. To him, it would be happiness as long as that place has shelter and plenty of food.

GOD asked what he intend to do there.

He replied that he wanted to be just pray to GOD.

Upon listening to him, GOD allowed him to live there and GOD asked him how long he would like to live on that island.

He replied five hundred years to which GOD accepted.

With that he prayed to GOD day and night for five hundred years, because he knew the existence of heaven and therefore, it does not matter to live without a wife.

The average life span on earth is about a hundred years, how could someone pray to GOD for five hundred years? Nonetheless GOD granted his wishes to live for 500 years as per his request.

After praying for five hundred years, he requested GOD to grant him a good place in heaven. GOD answered, you have merely prayed for five hundred years and yet you expected a good place in heaven. Have you ever think about the fact that GOD had taken care of you when you were living alone for 500 years? For the past 500 years, you were provided with food and shelter. You have nothing to worry about. You do not even need to become a parent and do anything in life. You have merely meditated and prayed to GOD alone. Do you think you have fulfilled your responsibilities in these 500 years by merely praying day and night? How do you account for what GOD had provided to you for 500 years?

Moral of the story

GOD is Almighty; HIS creation (a human) has no position to negotiate for anything from GOD, let alone a good place in heaven! Don't ever think about it!

He had prayed to GOD for 500 years and told GOD that he deserves to go to heaven, yet GOD told him not to ever think about it.

Xian Sheng taught us to think carefully to figure out how many years we could possibly pray to GOD. After praying to GOD for five hundred years, this person expects that he will definitely go to heaven and moreover, he can go to a better place in heaven.

GOD responded, if not for GOD who has taken care of him and provided him with food and lodging during those five hundred years, how could it be possible for him to pray to GOD?

In praying to GOD, Xian Sheng reminded us to be mindful that the length of time in praying to GOD is immaterial, the importance lies in the sacrifices made during the period of praying to GOD. The quality is more creditable than the quantity when assessing the sacrifices of praying to GOD. At that time, it sufficed if one can sacrifice for Xian Sheng, let alone to sacrifice for GOD. Xian Sheng told us he would know those who truly sacrificed for him.

What is the teaching of BAITIANGONG? Always remember the teaching of BAITIANGONG (pray to the CREATOR) i.e. you do not bother with the destination of your soul upon death, but more importantly; your soul continues to pray to the CREATOR. Never ever ask GOD for a better place in heaven just because we had achieved think good, see good, hear good, speak good and do good during our lifetime.

It is the Divine Law that, if the soul continues to pray to GOD upon leaving the body, it will automatically reach heaven. Do not follow this person who prayed for five hundred years and expect heaven in return. Never negotiate with GOD about the terms; never say GOD is biased and not great. Do not criticise GOD in any way.

***Reminder:** This is only a fictional story that Xian Sheng used to explain to us that we cannot negotiate conditions with GOD. Xian Sheng told us that the Divine Law of Nature governs all of our affairs and that GOD do not involved directly in our affairs. Therefore, we believe it is highly unlikely that GOD would speak to anyone.*
