I have repeatedly mentioning, all of you must exercise your analytical mind and logical thinking. Citing an example, if The CREATOR wants humans to pray to HIM at 6.00am daily as when humankind were first created, merely by thought, we would self-propelling to kneel and pray to GOD sharply at 6.00am.

We must meditate if such divine prerogative is possible to GOD.

Hence, you must understand that GOD created humankind, by comparison to earth, we are just a speck of dust, comparing the earth to the sun, the earth is a speck of dust; comparing the sun to the galaxy, the sun is just a speck of dust; comparing a galaxy to universe, the galaxy is just a speck of dust; combining all universes before GOD, all is just a speck of dust.

Referring to doctrine of Jesus being GOD and was crucified by humankind, I would say you're insulting the stature of

GOD. This doctrine belies the underlying disparagement to GOD. Don't you agree?

While I have my prayer for you and yet you are a believer of this doctrine (*Crucifixion of GOD*) how am I to resolve such predicament which rendering my prayer for you in futility due to you insulting The CREATOR by believing GOD reincarnates as human to undergo crucifixion and expecting humans to pray to HIM.

“I am warning you, DO NOT ever pray to me.”

Mind you, the Goddess of Mercy is on my palm, Guan Di and Buddha both sit on my palm. Despite that, I never want you to pray to me. In fact, Buddha himself doesn't want your worship. But humans are overly conceited, human want to worship those deities and ever since human had been straying too distant from GOD's consciousness.

To regain the proximity in GOD's consciousness, I started the practice of 72 hours fasting. It is me who fast 72 hours and imparting to you an approach to foster a closer tie to GOD's consciousness, 72 hours fasting is a resemblance to the moment as when humankind were first created without food and drink in 72 hours. The purpose aims to revive the remembrance of human creation by GOD. It was the moment after the third day human tasted the raindrop in their mouths and started drinking and

eating thereon.

Essentially, the objective is to remind GOD that humans are presently residing on earth.

While in fasting, it is best to beseech earnestly to GOD of your wishes.

But you must understand that to pray for wishes answered, you must refrain from insulting GOD and believe that miracle may come upon you. On the contrary, if you do not believe in miracle, your supplication is no way miraculously answered.

But the mechanical in consciousness actuates mysteriously beyond our understanding.
