which is truly valuable?*

*Xian Sheng, the Prophet Muhammad and
Jesus Christ agreed that humans are stupid.*

*BAITIANGONG followers have their flaws,
hopefully you will learn and
improve from within. Never split.*

BAITIANGONG has to unite.

*We have to pray to the CREATOR to the
point where we fear nothing except GOD,
think good, see good, hear good, speak good
and do good.*

*Between earthly merits and
spiritual merits,
ask yourselves which is truly valuable.*

If you look back at the history of BAITIANGONG, you have to know, that your Xian Sheng have met Nabi Muhammad and Jesus. Nabi Muhammad and Jesus both said, “Humans are stupid”.

Your Xian Sheng then said “Both of you were once human, it’s now my turn, why would you say human beings are stupid? Should not be.”

Both of them gave Xian Sheng a cynical smile.

This shows that both of them were foolish. I too were the same in that aspect, I admit.

You see, first of all, preaching BAITIANGONG, I would not have so much headache if I do not come out to preach. Really, honestly, why bother? I could have just prayed by myself. I need not even come to Earth in the first place.

Looking back on the history of BAITIANGONG, both Nabi Muhammad and Jesus said human beings are stupid.

Why are human beings stupid?

They started out praying to GOD. Today, they say Jesus is GOD. They started out praying to GOD, today their method of praying is facing towards one direction, leading to utter chaos in the Middle East, as well as war.

Islam is divided into over 70 sects while Christianity has a few thousand denominations. You, as BAITIANGONG followers, some may be stupid but hopefully you can learn and

improve. Never, ever, ever split. Always, remain as one, never divide. If, come one day BAITIANGONG is divided, then you brought it upon yourself. Then, it is of no wonder, that Jesus and Nabi Muhammad said human beings are stupid.

Told you that BAITIANGONG must be in unification, pray to the CREATOR together, pray until you fear nothing except GOD and think good, see good, hear good, speak good and do good. There is only one BAITIANGONG.

All that I've done is to set an example for you, it's not stupidity. What I do here may seem like stupidity, nevertheless, what I'm doing is anything but that.

Do you want spiritual merits or earthly wealth? Which do you value more?

Do you want monetary value or spiritual merits? If you choose earthly wealth then you are beyond stupid. Do you get the irony within?

You asked if Xian Sheng is being stupid, why is Xian Sheng so stupid? The irony is that when humans are given the choice between spiritual merits and earthly wealth, you have to ask yourself, which is more valuable?

Which brings me to say that if you choose earthly riches, you are stupid. On the other hand, if you did not choose earthly riches, then you are smart. That being said, on the outlook you would look stupid, but in reality, that's not stupidity, you have to look at it from the bigger picture.
