Some lawyers exploit others who are in dire straits for money rather than to help them.

In this society, countless people distort the truth, hence we need to choose our friends wisely.

We must unite and never be selfish.

Everyone is brothers and sisters. There are good and bad people. We need to learn how to distinguish between good and bad people.

Regardless of what we do, we have to remember this, “天网恢恢，疏而不漏”，it simply means justice will ultimately be served, if not in life, then in death. Even if you only think about it, it will be known, let alone doing it. It will be too late if you do it.

It is not right. People are having problems and they want to take this opportunity to step in to exploit money from them. People are angry about the mishap/ setback and yet he wanted to exploit them.

Human beings are full of irony. Is there anything that human beings dare not do? I urged those in attendance to refrain from doing so and to unite.

One of them said that he wanted his lawyer. However, we already have a lawyer, and yet he wanted his own lawyer. His lawyer spoke to me over the phone and said, “the cake is big enough to be shared.” This type of lawyer is not reliable/ useful. He joined in not to help people, but to earn money.

“The cake is big enough to be shared by us”, the said lawyer told me in this manner. This person introduced his lawyer. Hence, the said lawyer introduced by this person altogether left with their lawyer from Azam Malek. His lawyer was not elected by us. When his lawyer was not elected, he then said that he would not participate. This means they are selfish. People are very selfish, do you know?

Do not be selfish. If this happens, you must not be selfish and must act as one. If you do not act as one, it will not work. As

for the developers, there are many lawyers backing them up. They are rich. These lawyers will bring people along to lie, people will do anything in this society. Those lawyers are rich and many lawyers are backing them up. Even if you tell the truth, they will still twist it in their favor.

He will then present his twisted fact as the truth. Although it was originally straight, yet he had the ability to twist around and present his new twisted lies as truth. These kinds of lawyers are everywhere in this society. You must remember that in this society, you have to get to know your friends.

Definitely, everyone is brothers and sisters, and there are good and bad people. You must get to know between the good and bad people! Within BAITIANGONG itself, remember this, more so those who are in Baixian. In whatever you do, remember this, “天网恢恢，疏而不漏”, it simply means justice will ultimately be served, if not in life, then in death. Even if you only think about it, it will be known, let alone doing it. After you have done it, it will be too late.
